CHYR 7

100 Talbot Street E., Leamington, Ontario, N8H 1L3 1-519-326-6171 or 776-7303

THANKS FOR DIALING CHYR. SINCE 1969 CHYR HAS BEEN THE WORLD'S MOST UNIQUE AM RADIO STATION BECAUSE WE OPERATE ON 2 SEPARATE FREQUENCIES. DAYTIME THE CHYR SIGNAL IS DISSEMINATED ON 710khz WITH 10kw. FROM SUNSET TO SUNRISE CHYR ABANDONS 710 AND REAPPEARS ON 730khz WITH 500 watts. THIS OCCURS BECAUSE 710 IS A U.S. CLEAR AND 730 IS A MEXICAN CLEAR CHANNEL.

AS WELL, CHYR HAS THE DISTINCTION OF BEING CANADA'S MOST SOUTHERLY RADIO STATION LOCATED AT 42 DEGREES NORTH, WHICH IS SOUTH OF MANY IMPORTANT U.S. CITIES AND ON THE SAME LATITUDE AS BARCELONA SPAIN, ROME ITALY, ISTANBUL TURKEY, SAPPORO JAPAN, CHICAGO ILLINOIS, BOSTON MASSACHUSETTS, AND THE OREGON/CALIFORNIA BORDER.
